## **Updated Lending White Paper Available**

Irvine, CA – Vysym Corporation has released an updated, in-depth analysis entitled “Closer Look: 24/7 Remote Lending Services Delivery” which reviews the merits and shortfalls of three loan delivery channels: the Internet, call centers, and automated telelending. The analysis is prepared for, and of interest to, financial industry executives involved in retail sales and delivery of consumer loan and credit products.

The Closer Look analysis is available at [www.vysym.com/views/00728004.pdf](http://www.vysym.com/views/00728004.pdf). To view the analysis the free Adobe Acrobat Reader is required. The program may be download from <http://www.adobe.com/>.
